

Tim Moody - 2016 MarTREC Outstanding Student of the Year

For the past 25 years, the U.S. Department of Transportation (USDOT) has honored an outstanding student from each active University Transportation Center (UTC) at a special ceremony held during the TRB Annual Meeting.

Tim Moody, Master's Civil Engineering student at the University of Arkansas, was selected by MarTREC for his outstanding transportation research.

Moody's research focus is on rapid and non-destructive evaluation of levees using geophysical methods. Moody will graduate in Spring 2017.
